## CAMPS

### Knee Replacement Camps

#### 50 Free Knee Replacement Surgeries for Deserving Patients

Pakistan is among those countries where one out of four persons is affected with the knee pain and the figures are climbing up. It is very common in females due to Obesity, lack of physical exercise, lifestyles, not having the balance and nutritious diet and others.

The knee replacement is globally an expensive treatment and many patients in Pakistan can't afford the treatment of the knee replacement. MMI Hospital organized Free Knee Replacement Camps on 5<sup>th</sup> May and 25<sup>th</sup> May 2019. The camps were arranged to provide completely free treatment to the deserving patients and it was marketed on a very large scale through newspapers & other sources. We never compromise on the quality of the service and we are bringing the knees from the world's leading brand which delivers long-lasting comfort to the patients.

During the camp, 50 patients were provided complete treatment including surgery, hospital stay, medicines, and other operational expenses. The camps were organized under the supervision of Mr. Ajaz Saya, Chairman - Memon Health & Education Foundation who personally involved in the arrangement of the funds and the management of the camps. The surgeries were performed by Dr. Amjad Gulzar Shaikh, President Sindh Medical College Doctor's Association (PWS) KHI.

These camps are for deserving patients only who can't afford the treatment charges. We will continue to organize more camps on a regular basis and requesting the donors to support this noble cause by sponsoring the patients and providing them the relief.

# TRANSFORMING LIFE

## Success Stories

### Neurosurgery Department

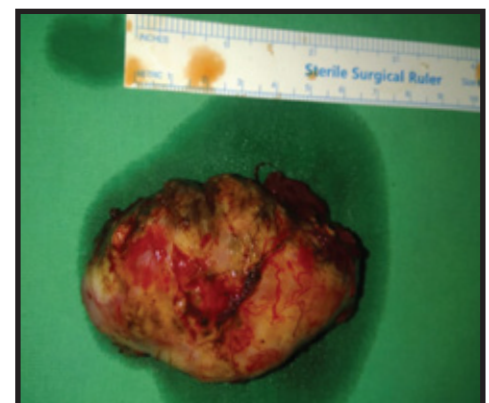

## This is all about a successful story of a Neurosurgery Department

This is a case of a 35 years old female who had a history of the right side paralysis and loss of speech along with unconsciousness condition for one month. She was from a middle-class family and couldn't afford the high cost of the neurosurgery. The entire family was suffering and going through a trauma. She was brought to MMI Hospital in a completely unconscious state and unable to speak.

Dr. Muhammad Muzaffer Uddin, a Neurosurgeon of MMI Hospital, admitted her under his supervision and did her brain surgery and professionally manage the complete case. After the successful surgery, a huge brain tumor was removed which is clinically known as Meningioma.

After the operation, she successfully regained her power on the right side and fortunately, her speaking power has also been completely recovered and she returned to her family and to start spending a normal happy life. Her family, especially kids are very happy and blessed to see her alive amongst them.

Her successful operation was done with the help of the welfare department as the family was unable to bear the complete cost of the treatment. It is also pertinent to mention here that we are offering the neurosurgery services at the lowest rates in the city and providing high-quality healthcare services.

# SYMPOSIUM

on May 18<sup>th</sup> 2019

## EVENTS

### Open Forum & Eid Milan Party

#### A Grand Reception in the Honor of our Committed Workforce

All the employees love to be recognized and appreciated for the work they do for their employer. MMI Hospital initiated an employee's recognition and award program through the Open Forum.

A Grand Reception was held on June 12<sup>th</sup>, 2019 to recognize the valuable contribution of employees who achieved a service milestone during the calendar year 2018. Open Forum provides an opportunity to be recognized and thank staff for their contribution, dedication, and commitment to MMI Hospital. On the other side, this innovative technology also enables the employees to directly discuss with the CEO.

While addressing the occasion, Brigadier Dr. Malik Waqar Ahmad Awan TI (M) - CEO highlighted the vision of the organization, the commitment to the patients, the fundamentals of the patient's care, the importance of behavior in the hospital scenario and the incentives plans for the employees. He also said that,

“ It is the top priority of the management to improve the patient care which can only be achieved through the positive role of the employees and our people have proved. We are recognizing their efforts and holding this exclusive ceremony in the honor of our dedicated employees and expect a similar trend to follow in the future. ”

This concept of Open Forum also provided an opportunity for the employees of all levels to directly discuss all their issues with Brigadier Dr. Malik Waqar Ahmad Awan (TI) M - Chief Executive Officer. The employees raised the questions which were addressed by CEO separately. During the event, “Best Performer” award was distributed among the employees by Brigadier Dr. Malik Waqar Ahmad Awan (TI) M - Chief Executive Officer of MMI Hospital.

# EID GIFTS

## to all the Patients by Chief Executive Officer

### Brigadier Dr. Malik Waqar Ahmad Awan (TI) M

Gifts were distributed among the patients of Memon Medical Institute Hospital on Eid ul Fitr day by Chief Executive Officer Brigadier Dr. Malik Waqar Ahmad Awan (TI) M.

Brigadier Dr. Malik Waqar Ahmed Awan said:

On the occasion of Eid, it is our collective responsibility to remember patients. It is, in fact, our honor to greet them on Eid as it is not only corporate philosophy but our religious tradition.

He took a round of different wards and enquired patients about their health. He prayed for their early recovery and wished them “EID Mubarak”. He also appreciated the duty doctors, nurses & paramedical staff who set an example by remaining on duty.

Major Faiz Bari, Manager of General Support Services, Ms. Anjum Khamisani, General Manager Quality Assurance Department also participated in the gift distribution ceremony.

# GIFTS DISTRIBUTION CEREMONY BY

**Mr. & Mrs. Shahid Habib & Family**

Our Honorable Trustee of Memon Health & Education Foundation, Mrs. Sharmeen, Mr. Shahid and Mr. Daniyal Shahid has distributed gifts among the admitted patients of Pediatric Wards including Paeds General Ward, Pediatrics Intensive Care Unit & Neonatal Intensive Care Unit. They also donated toys and indoor games for the playing area of Pediatric Ward and met the admitted patients and prayed for their early recovery. They also distributed Gift Hampers among the patients. We have also witnessed the patients' tremendous excitement in response to the good gesture. Such things truly create a larger impact on the behavior of the patients.

The management of Memon Medical Institute Hospital greatly admires such contribution and generosity towards the patients as the Holy month of Ramadan also teaches us to remember the people suffering from pain.

## AGM MEETING

The Annual General Meeting of Memon Health & Education Foundation (MHEF) was Held at G & T Tower on 4th May 2019. During the meeting, the trustees of the foundation discussed the current performance of the hospital and the future expansion plans.

During the meeting, it was also noted that the hospital received a tremendous level of growth in all the major specialties and departments. The patient's satisfaction index also indicated the growing satisfaction of the patients which is a great asset for the institution.

The meeting chaired by Mr. Ajaz Saya - Honorary Chairman of MHEF and attended by Mr. Peer Mohammed Diwan - Founder Chairman of MHEF, Mr. Razak Diwan - Former Chairman MHEF, Dr. Ashraf Ebrahim - Deputy Chairman of MHEF, Mr. Mohammad Lakhani - General Secretary of MHEF, Mr. Kashif Habib - Deputy General Secretary MHEF, Mr. Iqbal Bilwani - Treasurer, members of Board of Governors MHEF, Brigadier Dr. Malik Waqar Ahmad Awan (TI) M - Chief Executive Officer of MMI Hospital and others.

Stay in well-screened areas at night

Always use a bed-net impregnated with insecticides

Use mosquito repellent

Go for long sleeves

Check the malaria risks

Follow your prescription carefully

## WELCOME NEW CORPORATE CLIENT

Pak Suzuki Pvt. Ltd

### CONDOLENCE

**Dr. Zafar Alam**  
Dermatologist

We tragically lost a member of our MMI Hospital family, Dr. Zafar Alam, Dermatologist, who died due to Cardiac arrest while returning to Pakistan after his international trip. This tragic incident took place at Rome Airport, Italy.

Dr. Zafar Alam was an important member of the organization & recently participated in a Free Medical Camp for the deserving patients in which over 250 patients attended.

He was always very kind to everyone & his compassionate behavior, professional expertise & patient-friendly approach is a role model for others to follow.

We offer our deepest sympathy to Dr. Alam's family, friends, and colleagues, who could not have prepared for this sudden and irreparable loss. No words can adequately express our sadness at his death.

He will always remain in our thoughts and prayers.
